

INFORMATION SECURITY POLICY

JAC Products endeavors to protect our business, employees, customers, suppliers, and business partners by protecting the information entrusted to our organization and developed by our organization by adhering to the following principles:

- We will protect information against unauthorized access.
- We will assure the confidentiality and availability of information.
- We will maintain the integrity of information.
- We will maintain, continually improve, and support our Information Security Management System (ISMS) with adequate resources to achieve the objectives set in this Policy Statement.
- We will clearly understand and comply with the requirements and expectations of our customers and relevant regulatory authorities to include intellectual property rights, data protection, and privacy of personal information.
- Every employee shares responsibility for effective information security.
- We will provide sufficient information security training for all staff.
